NEMA TYPE 3R

Screw Cover Enclosure Galvanized

Application

Rain tight screw cover enclosures are designed for use as junction boxes for exterior applications to protect electrical components from the elements.

Construction

Made from code gauge G-90 Galvanized steel. Seam free sides, drip shield top and a slip on removable cover which is held in place by a stainless steel screw. No gaskets or Knock-outs are provided.

Industry standards

Complies with UL 50 Type 3R

Conforms to the standards set by the National Electrical Manufacturers Association for type 3R (rain proof, and sleet - ice resistant)
